Highlights

Crystal clear screen protector

The crystal-clear film adds an invisible layer of protection against scratches and dust to your device's display screen. It works using static adhesion, so it's easy to apply and remove without leaving any sticky residue.

Smoothing card included

Use the smoothing card provided to gently remove any air bubbles that may have become trapped under the protective film during application.

Static adhesion

Since the screen protector works using static adhesion, it is easy to apply, reposition and remove without leaving behind any sticky residue on your device's screen.

Lint-free cloth included

Don't trap dust beneath your new screen protector! Use lint-free cloth provided to thoroughly clean the surface of your device before applying the film.
